

ISAS NEWS UPDATE AUGUST 2010

LATEST NEWS

First ISAS On Site Visit

We have now completed our very first on site visit which means we are still on track to grant the first ISAS accreditation during September 2010. The **Accredited Organisations** section will be updated accordingly once accreditation has been formally granted.

ISAS Assessor Refresher Training Session

A number of assessors attended the first refresher training course which will take place in July. It proved to be a very useful opportunity for assessors to share their experiences of assessment so far. We aim to hold Refresher training courses approximately every 9-12 months.

New Customer Liaison Officer

We would like to introduce Nicola Papanicola who joined the Imaging section during July as a Customer Liaison Officer. Nicola has worked at UKAS for approximately two years as a Customer Liaison Officer in another section. Nicola will be the main point of contact for all customers and, from now on, will be the main coordinator of all assessment events and visits.
