

# Happy New Year!

## INTERESTED IN APPLYING FOR ACCREDITATION?

UKAS is continuing to process new applications on a first come, first served basis.

Further information on how to apply can be found under the [Application](#) section. If you are interested in applying for accreditation to the ISAS Standard, we would recommend attendance at a free, non-obligatory ISAS Preparatory Workshop in your area and applying for a login to the new Traffic Light Ready function of the web-based tool.

## 2011 PREPARATORY WORKSHOPS

Wednesday 23<sup>rd</sup> March  
Wednesday 2<sup>nd</sup> November

## ISAS Promotional Material Available

Please contact us if you would like to receive a

poster, brochure, leaflet or a copy of our DVD 'Delivering Confidence: The Benefits of Imaging Services Accreditation'.

# ISAS NEWS UPDATE January 2011

## LATEST NEWS

### Progress with First ISAS Accreditations

We are very pleased to announce that the second imaging service to be formally granted accreditation to the ISAS Standard is 4 Ways Healthcare Limited. Their Schedule of Accreditation has now been published and can be found in the [Accredited Organisations](#) section. Do take a look!

During the week before the Christmas break, we held the award ceremony for the first ISAS accredited imaging service, Cobalt Unit Appeal Fund, at their base in Cheltenham. Despite the terrible weather conditions that day, most people still managed to attend the ceremony making it a very special occasion for Cobalt Unit Appeal Fund. A big thank you to all those who attended.

A number of customers are rapidly progressing through the accreditation process and we expect to grant accreditation to the first NHS imaging service this month. Please do regularly check this website for the names of newly accredited organisations.

### Changes to ISAS Preparatory Workshops

We have now booked new dates for the 2011 Preparatory Workshops which, due to popular demand, will both be held in central London. We have made a few changes to these workshops as they will now include presentations by guest speakers from newly accredited organisations describing their experience and giving practical tips. Those that attended the workshop in November found this a very useful way to learn about ISAS. For more information please see the [Pre-application](#) section.

### ISAS Assessor Refresher Training 2011

We are in the process of confirming dates and venues for this training for summer 2011. We will inform all authorised assessors of the details soon.

## ISAS ASSESSORS WANTED!

We are actively recruiting for **Technical/Peer Assessors**. Radiographers and radiologists will receive CPD, as appropriate from their respective professional bodies. For further details of the Assessor role please visit the '[Jobs](#)' section of the ISAS website, where you will also find future training dates.
